

ELECTRICAL / SAFETY INSTRUCTOR

The IBEW College is currently accepting applications for the position of **Instructor** to teach the entry level **Construction/Industrial Electrician** apprenticeship program, as well as the various **safety courses** required within the electrical trade.

Reporting to the Training Director, the successful candidate will demonstrate leadership under the IBEW Code of Excellence and be required to use advanced technology to prepare and instruct quality lessons as directed in curriculum and course outlines.

Duties/Responsibilities

- Curriculum development and review
- Preparation for instruction
- Instruction in classroom and shop settings
- Supervision, classroom & shop management
- Evaluation of students performance and progress
- Provide feedback and maintain record keeping
- Maintain inventory for course material and supplies
- Maintain shop tools and equipment

Qualifications:

- Interprovincial Red Seal Certification in Construction Electrician (*combined with Industrial Electrician preferred*)
- Minimum of six years combined training and experience as an Electrician within the industrial and commercial sectors
- Possess a good understanding of the Electrical Code and applicable safety regulations
- Competent in computer applications such as MS Office Suite (including Powerpoint), utilizing online resources, and basic operations of audio/visual equipment
- Possess an aptitude for technology and desire to implement advanced technology within teaching methods
- Values Diversity, Equity, and Inclusion
- Effective interpersonal, communication, presentation, mentoring, leadership, and conflict resolution skills
- Willingness to travel and work flexible schedules when required
- Experience in teaching within the provincial apprenticeship program for Construction/Industrial Electrician, as well as Provincial Instructor Certification would be an asset

The successful candidate will be required to provide a recent certificate of conduct. Preference may be granted to those who have Red Seal Certifications in both Construction and Industrial Electrician and have previous teaching experience in the apprenticeship program. Preference may also be granted to those who are pre-approved by Workplace NL to teach Fall Protection, Confined Space, and Powerline Hazards.

To apply, please email resume, cover letter, references, and copies of current certifications to:

Kelly Power at kpower@IBEWcollege.ca

Deadline for applications is **Friday, September 2nd, 4:00 pm**

We thank all applicants for their interest, but only those selected for an interview will be contacted.
